With this application for membership you are required to provide a dyno print out from your car from within the last 3 months or with evidence to prove nothing has changed or been modified since the dyno graph was produced. Please attach a copy of dyno graph with this application.

If your membership is approved, you will then be sent a request for payment of the annual membership fee of £100 or £45 for weekend membership and this will then conclude the process for applying for membership of the TDI North Powertuning-Honda Vtec Challenge.

### Expected conduct

As a Member of the BARC Salons you will be expected to behave in an appropriate manner at all time when at race meetings. This includes both on and off track and also includes any members of your TEAM who are attending the meeting with you. For the avoidance of doubt 'team' refers to anyone associated with you which can be mechanics, supporters, and family.

There are regulations within the MSA blue book which can result in you losing your licence and the TDI North Powertuning-Honda Vtec Challenge are determined to ensure these standards are adhered to.

Both officials and competitors alike are reminded that they should not make comments upon social media sites which may in any way be deemed as being derogatory, defamatory, obscene or libellous. You should remember that comments made are in a very public arena and can be seen by possibly more than your intended audience.

By signing the membership form you and your 'team' agreed to abide by these rules at all time when at a circuit. Failure to comply can bring race suspensions by BARC/TDI North Powertuning-Honda Vtec Challenge and you also being reported to the Clerk of the Course.

There are procedures in place to resolve grievances so please use them. Relevant MSA References:
